PURPOSE

We aim to ensure children and families receive a positive and informative enrolment and orientation process that meets their individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

SCOPE

This policy applies to children, families, staff, management and visitors of OSHC.

IMPLEMENTATION

OSHC accepts enrolments of children aged between 4 - 13 years of age.

Enrolments will be accepted providing:

- a) The maximum daily attendance does not exceed the licensed capacity of the OSHC
- b) A vacancy is available both for the booking required and the agreed number of children is in accordance with the licensing requirements
- c) The adult to child ratio is maintained at all times.

Out of School Hours Care recognizes the Educator as an agent for OSHC in relation to the enrolment of children in to OSHC as permitted by National Education and Care Services Regulations and provides an efficient enrolment procedure that is clear and comprehensible to Out of School Hours Care educators and families.

Priority of Access guidelines

The Department of Family and Community Services and Indigenous Affairs have set priority of access guidelines for all children's services eligible for Child Care Subsidy. Every Child Care Subsidy approved Out of School Hours Care is required to abide by the guidelines which families will be informed of during the enrolment process.

The Priority Lists are used when there is a waiting list for OSHC or when a number of parents are applying for a limited number of vacant places. When families apply to join the list they are asked a series of questions to determine their particular circumstances. A scoring system is applied based on their responses. This determines their child's place on the waiting list. As places become available they are offered to those highest on the list as stated in the guidelines above.

Children with disabilities will be enrolled, if in the opinion of management the Service can meet the child's needs. Additional resources and funding may be required.

The Priority of Access levels, which the Service must follow when filling vacancies, include:

1. A child at risk of serious abuse of neglect.
2. A child of a single parent/guardian who satisfies, or of parents/guardians who both satisfy the work/training/study test under Section 14 of the Family Assistance Legislation Amendment (Child Care) Act 2010.
3. Any other child.

Within these three categories priority is also given to:

- Children in Aboriginal and Torres Strait Islander families
- Children in families, which include a disabled person
- Children in families on low income

- Children in families from culturally and linguistically diverse backgrounds
- Children in socially isolated families
- Children of single parents/guardian

Upon enrolment families will be informed of their priority and directed that if OSHC has no vacancies and their child's position is a priority 3 under the Priority of Access Guidelines, it may be required that their child leave or reduce their days in order to make a place for a higher priority child.

Enrolment

When a family has indicated their interest in enrolling their child in OSHC, the following will occur:

- Families will be invited to come on a tour of OSHC.
 - Families will be provided with a range of information about the Service which will include: programming methods, menu, incursions, excursions, inclusion, fees, policies, procedures, sun smart requirements, regulations for our State and the licensing and assessment process, signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in and educator and parent communication.

Families will be required to bring any corresponding documents in relation to court orders, medical needs or plans.
- Families will need to complete the enrolment form informing management of their child's interests, and individual medical needs.
- If a family or child uses English as a second language, or speak another language at home, we request that families provide us with some key words in the languages the child speaks at this time so that educators can learn the words. Educators will furthermore use visuals to assist the child to understand and be able to communicate with others.
- Families will need to complete a Child Care Subsidy assessment online to check eligibility and entitlements to CCS which needs to be done through [myGov](#) website.
- Families will be invited to bring their child into OSHC at a time that is convenient to familiarize themselves with the environment and educators.
- It is a legal requirement that prior to the child starting at the Service we have all corresponding documents including enrolment form, medical plans and any court orders.
